FLY CALIFORNIA

**Los Angeles to San Diego
via the Inland Empire Section**

You are invited to a High-Speed Train Alhambra Community Open House

Please join us to learn more about the High-Speed Train System and the I-10 Alternative

The California High-Speed Rail Authority (CHSRA) is hosting a community meeting in Alhambra to provide an opportunity to learn more about the High-Speed Train program, and specifically, the potential alternative planned along the I-10 Freeway corridor as part of the Los Angeles to San Diego via the Inland Empire Section.

Project topics will include updates on the project, proposed alternative alignments, station locations, design options and a review of the environmental process. A brief project presentation will be provided at 5:30 p.m.

The Alhambra Community Open House is an opportunity for residents and stakeholders to speak directly with members of the project team, ask questions and provide feedback.

Please plan on joining us on October 28, 2010.
